

# Review of landslide tsunami benchmark exercise

- Workshop documentation
  - Website – <http://www.udel.edu/Kirby/landslide>  
(transfer to NTHMP site, or mirror from that site?)
  - Draft journal article – available for group editing on <https://www.overleaf.com>
- Development of guidance document for landslide modeling
  - FY18 planned activity
  - What is missing from workshop activity that could be covered by additional documentation or example calculations?
